

Product Datasheet

Mouse PCDH15(Protocadherin 15) Microsample ELISA Kit (orb2997987)

Catalog Number	orb2997987
Category	Assays and Kits
Description	Mouse PCDH15(Protocadherin 15) Microsample ELISA Kit
Reactivity	Mouse
UniProt ID	Q99PJ1
Application notes	<p>The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Mouse PCDH15. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Mouse PCDH15. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Mouse PCDH15, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm \pm 10nm. The concentration of Mouse PCDH15 in the samples is then determined by comparing the OD of the samples to the standard curve.</p>
Assay Type	Sandwich
Assay Time	3.5h
Range	0.16-10 ng/mL
Sensitivity	0.064 ng/mL
Sample Types	Serum, plasma, tissue homogenates and other biological fluids.
