

Product Datasheet

Human MYH8(Myosin Heavy Chain 8, Skeletal Muscle, Perinatal) Microsample ELISA Kit (orb2998291)

Catalog Number	orb2998291
Category	Assays and Kits
Description	Human MYH8(Myosin Heavy Chain 8, Skeletal Muscle, Perinatal) Microsample ELISA Kit
Reactivity	Human
UniProt ID	P13535
Application notes	<p>The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Human MYH8. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Human MYH8. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Human MYH8, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm \pm 10nm. The concentration of Human MYH8 in the samples is then determined by comparing the OD of the samples to the standard curve.</p>
Assay Type	Sandwich
Assay Time	3.5h
Range	78.13-5000 pg/mL
Sensitivity	32 pg/mL

Biorbyt Ltd.

Sample Types	Serum, plasma, tissue homogenates, cell culture supernates and other biological fluids.
Note	For research use only
Expiration Date	6 months from date of receipt.
