

Product Datasheet

Mouse sIL-6R(SolubleInterleukin 6 Receptor) Microsample ELISA Kit (orb2998416)

Catalog Number	orb2998416
Category	Assays and Kits
Description	Mouse sIL-6R(SolubleInterleukin 6 Receptor) Microsample ELISA Kit
Reactivity	Mouse
Application notes	<p>The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Mouse sIL-6R. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Mouse sIL-6R. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Mouse sIL-6R, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm \pm 10nm. The concentration of Mouse sIL-6R in the samples is then determined by comparing the OD of the samples to the standard curve.</p>
Assay Type	Sandwich
Assay Time	3.5h
Range	0.32-20 ng/mL
Sensitivity	0.118 ng/mL
Sample Types	serum, plasma, tissue homogenates and other biological fluids
Note	For research use only
