

Product Datasheet

Human LAT1(Large Neutral Amino Acid Transporter 1) Microsample ELISA Kit (orb2998804)

Catalog Number	orb2998804
Category	Assays and Kits
Description	Human LAT1(Large Neutral Amino Acid Transporter 1) Microsample ELISA Kit
Reactivity	Human
UniProt ID	Q01650
Application notes	<p>The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Human LAT1. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Human LAT1. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Human LAT1, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm \pm 10nm. The concentration of Human LAT1 in the samples is then determined by comparing the OD of the samples to the standard curve.</p>
Assay Type	Sandwich
Assay Time	3.5h
Range	0.16-10 ng/mL
Sensitivity	0.058 ng/mL

Biorbyt Ltd.

Sample Types tissue homogenates, cell lysates and other biological fluids

Note For research use only

Expiration Date 6 months from date of receipt.

Standard curve for orb2998804 ELISA kit.
