

Product Datasheet

Mouse IL8Rb(Interleukin 8 Receptor Beta) Microsample ELISA Kit (orb2999536)

Catalog Number	orb2999536
Category	Assays and Kits
Description	Mouse IL8Rb(Interleukin 8 Receptor Beta) Microsample ELISA Kit
Reactivity	Mouse
UniProt ID	P35343
Application notes	<p>The test principle applied in this kit is Sandwich enzyme immunoassay. The microtiter plate provided in this kit has been pre-coated with an antibody specific to Mouse IL8Rb. Standards or samples are added to the appropriate microtiter plate wells then with a biotin-conjugated antibody specific to Mouse IL8Rb. Next, Avidin conjugated to Horseradish Peroxidase (HRP) is added to each microplate well and incubated. After TMB substrate solution is added, only those wells that contain Mouse IL8Rb, biotin-conjugated antibody and enzyme-conjugated Avidin will exhibit a change in color. The enzyme-substrate reaction is terminated by the addition of sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450nm \pm 10nm. The concentration of Mouse IL8Rb in the samples is then determined by comparing the OD of the samples to the standard curve.</p>
Assay Type	Sandwich
Assay Time	3.5h
Range	78.13-5000 pg/mL
Sensitivity	32 pg/mL
Sample Types	Serum, plasma, tissue homogenates and other biological fluids.
