

Product Datasheet

Human Leucine-rich repeat flightless-interacting protein 1 (LRRFIP1) ELISA Kit (orb3147497)

Catalog Number	orb3147497
Category	Assays and Kits
Description	This Human Leucine-rich repeat flightless-interacting protein 1 (LRRFIP1) ELISA Kit employs a two-site sandwich ELISA to quantitate LRRFIP1.
Reactivity	Human
Tested applications	ELISA
Application notes	This Human Leucine-rich repeat flightless-interacting protein 1 (LRRFIP1) ELISA Kit employs a two-site sandwich ELISA to quantitate LRRFIP1 in samples. An antibody specific for LRRFIP1 has been pre-coated onto a microplate. Standards and samples are pipetted into the wells and any LRRFIP1 present is bound by the immobilized antibody. After removing any unbound substances, a biotin-conjugated antibody specific for LRRFIP1 is added to the wells. After washing, Streptavidin conjugated Horseradish Peroxidase (HRP) is added to the wells. Following a wash to remove any unbound avidin-enzyme reagent, a substrate solution is added to the wells and color develops in proportion to the amount of LRRFIP1 bound in the initial step. The color development is stopped and the intensity of the color is measured.
Range	Please inquire
Sensitivity	Please inquire
Sample Types	Cell culture supernatants#Serum#Plasma#Other biological fluids
Storage	The unopened kit should be stored at 2 - 8°C. After opening, please refer to protocols.
