

## Product Datasheet

### PDIA4 Rabbit Polyclonal Antibody (orb513490)

|                             |                                                                      |
|-----------------------------|----------------------------------------------------------------------|
| <b>Catalog Number</b>       | orb513490                                                            |
| <b>Category</b>             | Antibodies                                                           |
| <b>Description</b>          | Rabbit polyclonal antibody to PDIA4                                  |
| <b>Target</b>               | PDIA4                                                                |
| <b>Clonality</b>            | Polyclonal                                                           |
| <b>Species/Host</b>         | Rabbit                                                               |
| <b>Isotype</b>              | IgG                                                                  |
| <b>Conjugation</b>          | Unconjugated                                                         |
| <b>Reactivity</b>           | Human                                                                |
| <b>Predicted Reactivity</b> | Mouse, Rat                                                           |
| <b>Form/Appearance</b>      | Lyophilized power with 1% rAlbumin and 0.02% NaN <sub>3</sub> .      |
| <b>Purification</b>         | Purified by antigen affinity column.                                 |
| <b>Immunogen</b>            | Recombinant fragment corresponding to 317-533aa of human PDIA4.      |
| <b>MW</b>                   | 72KD                                                                 |
| <b>Tested applications</b>  | ELISA, IHC, WB                                                       |
| <b>Dilution range</b>       | WB: 1:200-1:1,000                                                    |
| <b>Application notes</b>    | Reconstitute in 100µL of sterile H <sub>2</sub> O with 50% glycerol. |
