

## Product Datasheet

# Phytic Acid Colorimetric Microplate Assay Kit (orb707384)

|                            |                                                                           |
|----------------------------|---------------------------------------------------------------------------|
| <b>Catalog Number</b>      | orb707384                                                                 |
| <b>Category</b>            | Assays and Kits                                                           |
| <b>Description</b>         | Detection and Quantification of Phytic Acid Content.                      |
| <b>Reactivity</b>          | All                                                                       |
| <b>Tested applications</b> | FA                                                                        |
| <b>Application notes</b>   | Detection Method: Colorimetric                                            |
| <b>Assay Type</b>          | Detection                                                                 |
| <b>Range</b>               | 0.04 mmol/L - 4 mmol/L                                                    |
| <b>Sample Types</b>        | Tissue extracts, Cell lysate, Cell culture media, Other biological fluids |
| <b>CAS Number</b>          | 83-86-3                                                                   |
| <b>Storage</b>             | Shipped and store at 4°C for 6 months.                                    |
| <b>Note</b>                | For research use only                                                     |
| <b>Expiration Date</b>     | Please enquire.                                                           |
