

Product Datasheet

Mouse anti Vimentin, conjugated with FITC (orb867223)

Description	Mouse monoclonal antibody against Vimentin conjugated to FITC
Species/Host	Mouse
Reactivity	Canine, Gallus, Goat, Hamster, Human, Monkey, Mouse, Porcine, Rat, Xenopus, Zebrafish
Conjugation	FITC
Tested Applications	FC, ICC, IHC-Fr
Preservatives	Each vial contains 1ml FITC-conjugated vimentin monoclonal antibody in PBS containing 0,1% rAlbumin, 0.09% sodium azide. Approximately 100 tests.
Form/Appearance	Each vial contains 1ml FITC-conjugated vimentin monoclonal antibody in PBS containing 0,1% rAlbumin, 0.09% sodium azide. Approximately 100 tests.
Storage	The antibody is shipped at ambient temperature and may be stored at +4°C. For prolonged storage prepare appropriate aliquots and store at or below -20°C. Prior to use, an aliquot is thawed slowly in the dark at ambient temperature, spun down again and used to prepare working dilutions by adding sterile phosphate buffered saline (PBS, pH 7.2). Repeated thawing and freezing should be avoided. Working dilutions should be stored at +4°C, not refrozen, and preferably used the same day. If a slight precipitation occurs upon storage, this should be removed by centrifugation. It will not affect the performance or the concentration of the product.
Note	For research use only
Isotype	IgG1
Clonality	Monoclonal
Clone Number	RV202

Antibody Type	Primary Antibody
Source	RV202 is a mouse monoclonal IgG1 antibody derived by fusion of SP2/0-Ag14 mouse myeloma cells with spleen cells from a BALB/c mouse immunized with a cytoskeletal vimentin extract of calf lens.
Uniprot ID	P08670
Hazard Information	This product is intended FOR RESEARCH USE ONLY, and FOR TESTS IN VITRO, not for use in diagnostic or therapeutic procedures involving humans or animals. This product contains sodium azide. To prevent formation of toxic vapors, do not mix with strong acidic solutions. To prevent formation of potentially explosive metallic azides in metal plumbing, always wash into drain with copious quantities of water. This datasheet is as accurate as reasonably achievable, but Biorbyt accepts no liability for any inaccuracies or omissions in this information.
Expiration Date	12 months from date of receipt.
