

## Product Datasheet

### Rabbit Anti-Human IgG H&L, Biotin conjugated (orb868225)

|                             |                                                                                                                                                                                         |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Catalog Number</b>       | orb868225                                                                                                                                                                               |
| <b>Category</b>             | Antibodies                                                                                                                                                                              |
| <b>Description</b>          | The Rabbit Anti-Human IgG H&L, Biotin conjugated is a Biotin conjugated polyclonal antibody suitable for ELISA, FC, ICC, IF, IHC-Fr, IHC-P, WB. This product reacts with Human samples. |
| <b>Clonality</b>            | Polyclonal                                                                                                                                                                              |
| <b>Species/Host</b>         | Rabbit                                                                                                                                                                                  |
| <b>Isotype</b>              | IgG                                                                                                                                                                                     |
| <b>Conjugation</b>          | Biotin                                                                                                                                                                                  |
| <b>Reactivity</b>           | Human                                                                                                                                                                                   |
| <b>Form/Appearance</b>      | Liquid                                                                                                                                                                                  |
| <b>Concentration</b>        | 2.0 mg/ml                                                                                                                                                                               |
| <b>Buffer/Preservatives</b> | 10 mM TBS (pH=7.4) with 1% rAlbumin, 0.03% Proclin300 and 50% glycerol.                                                                                                                 |
| <b>Purification</b>         | Affinity purified by Protein A                                                                                                                                                          |
| <b>Immunogen</b>            | Native Human IgG                                                                                                                                                                        |
| <b>Tested applications</b>  | ELISA, FC, ICC, IF, IHC-Fr, IHC-P, WB                                                                                                                                                   |
| <b>Antibody Type</b>        | Secondary Antibody                                                                                                                                                                      |
| <b>Storage</b>              | Store at -20°C for one year. Avoid repeated freeze/thaw cycles.                                                                                                                         |
