

Product Datasheet

Human annexin V protein orb420585

Description	Human annexin V protein
Reactivity	Human
Conjugation	FITC
Target	annexin V
Form/Appearance	Liquid
Storage	Store at -20°C
Note	For research use only.
Expiration Date	6 months from date of receipt.
Application Notes	Annexin -V from human placenta (placental anticoagulant protein) conjugated with FITC. The preparation can be applied in fluorescent microscopy for detection of early stages of apoptosis
